STATEMENT

MAYOR WALSH JOINS NEW YORK'S MAYORS IN CALLING ON STATE LAWMAKERS TO FIX SHORTFALL IN FUNDING FOR TRANSPORTATION

*Statement by Syracuse Mayor Ben Walsh on NYCOM call
for supplemental capital funding for transportation infrastructure*

"Potholes and rough roads aren't just a Syracuse problem, and neither are the other transportation infrastructure challenges facing our city and communities of all sizes in New York State. I join my fellow mayors and the New York Conference of Mayors (NYCOM) in calling on State lawmakers to enact a supplemental capital budget to adequately fund the state's transportation infrastructure and help Syracuse and other communities make necessary repairs and upgrades to our roads and bridges."
