To support our applications, please find the attached information for each application:

- Application for Resubdivision/Lot Alteration
- Short EAF
- Resubdivision Map (7 copies)

These resubdivisions will be for the first round of new construction projects built under Mayor Walsh's Resurgent Neighborhoods Initiative. Phase I will include 25 two-family homes and ~25 single family homes built in targeted clusters. Where demolitions are planned we have noted the maps to show that all structures and driveways will be removed.

We are excited about the transformative impact this will have in distressed neighborhoods and hope it will encourage private buyers to acquire land bank properties and invest in the immediate

surroundings.

Please let me know if you require any additional information or documentation to facilitate your review of our applications.

Sincerely,
